The Rocky Neck Art Colony

Part of Gloucester’s Rocky Neck Cultural District, the Rocky Neck Art Colony (RNAC) offers an eclectic mixture of history and culture—a great place to stroll on a lazy summer day, to include in a day trip to the beach, or to enjoy a memorable meal. Although late May to early October is Rocky Neck’s most active season when all the restaurants, galleries, shops and studios are open for business, some galleries are open year-round. Check the gallery descriptions to find out when they are open.

Rocky Neck Historic Art Trail
Explore the Rocky Neck Historic Art Trail, guided by your smartphone, and see where famous artists worked and lived. This self-guided tour enables you to walk in the footsteps of Winslow Homer, Fitz Henry Lane, Frank Duveneck, Marsden Hartley, Edward Hopper and a host of other pioneering American artists, and see first-hand the iconic land and seascapes that gave rise to their illustrious artistic output. To begin, park your car in the free public parking lot on Rocky Neck. Then visit rockyneckarttrail.org on your smartphone and follow the interactive maps and instructions. The tour covers approximately ¾ of a mile of relatively level sidewalks and is handicapped accessible.

Goetemann Artist Residency
The Goetemann Artist Residency, named for its founder Gordon Goetemann, fosters artistic experimentation and enables artists from across the globe the opportunity to have a month long live-work studio within the rich cultural and creative New England community known as the Rocky Neck Art Colony. Three visual artists and one environmental installation artist are selected by jury each year and a fifth artist is invited from the Gloucester community. The program also hosts an invited Distinguished Artist/Teacher with a national reputation to lecture at the Cape Ann Museum and run a four-day workshop.

For details on the residency and application requirements please visit rockyneckartcolony.org/residency.
